Dear Sir or Madam,

By means of this letter I would like to inquire about the possibility of filling an outstanding internship position at Macquarie. My preference would be to fill the position of Intern.

I am currently studying Bachelor of Science in Information Technology at Universidad de Manila. During these studies, students are readied to become an innovator. The emphasis lies on internship should be framed and developed as a learning activity, as during the educational process the topics of technology are discussed. I would like to use my skills with Macquarie, in order to make optimal use of my acquired knowledge.

I would describe myself as someone who is ambitious and driven. I thrive on challenge and consistently set goals for myself, so I have something to strive toward. I'm not comfortable with settling, and I'm always looking for an opportunity to do better and achieve greatness. I would like to put these characteristics to use within your organization. Given my education at Universidad de Manila. The components that were discussed during my studies closely match the skills required for this position.

I would like to further explain my motivation to work at Macquarie during personal meeting. You can reach me either by phone via 09569483996 or by email via rissagomez027@gmail.com. Thank you for your consideration. I look forward to hearing from you.

Sincerely,
Rissa Mae P. Gomez
